Mark Twain said that God created  
'Paradise in the image of Mauritius  
He said ...just fine!... Italy Tour will  
take you to Heaven ...

# VISIT ILE AUX CERFS

Start the adventure from la Pte. D'Esnie , where you will board a speedboat and start the day, to disembark on the beautiful L'île aux Cerfs, travelling 30 km inside the magnificent Mauritian lagoon, discovering its history, culture and the beauty of its unspoilt nature. We first visit the wreck of the Dalblair, which sank in 1902, and then stop to swim in a magnificent aquarium, full of coral and fish.

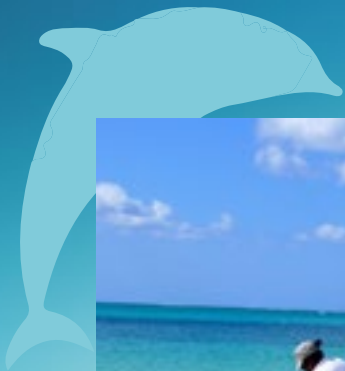

We then visit Ile aux Aigrette, a natural park protected by the Mauritian government, where you can relax and swim on one of the smallest and most beautiful beaches in Mauritius, where we stop for 30/40 minutes. We pass Vieux Grand Port, the first port of Mauritius, where we stop for a minute to tell the history of Mauritius, to arrive on the island of the Lighthouse, where you can take beautiful pictures, remain enchanted by the force of the Ocean refracting its waves on the coral reef, which in a natural way separates the Ocean from the Lagoon.

We stop for 30/40 minutes to enjoy the breathtaking view: inside the reef the water is 1 or 2 meters, outside the reef it is 50 meters, and this is the area where the Ocean meets the reef. We leave to snorkel at a beautiful site called the Blue, full of corals and fish, (being close to the coral reef, if the sea is rough, for your safety, we do not stop to swim). You will then arrive at the Great South East River Waterfall, which can only be reached by sea, where you can observe the lush wilderness and bring back wonderful memories, meet monkeys, sometimes see bats, take photos and sit in the shade for alcoholic and non-alcoholic drinks. You will arrive at Ile aux Cerfs, around 1pm, you will be offered a welcome cocktail and you will have lunch in one of the most beautiful restaurants of the beach, the Paul & Virginie of the hotel "Le Touessrok", a five stars superior, which will leave you with an unforgettable memory. You can enjoy heart of palm, aubergine and tomato bruschetta, mashed potatoes, white tuna and grilled fish of the day, rice, vegetables, ice cream and coconut mousse, unlimited drinks, welcome cocktail in the restaurant, unlimited water, a glass of alcoholic or non-alcoholic beverage, tea or local coffee. (The menu can be changed according to the guest's needs). Here you can rest for two hours, at four o'clock we meet on board the rapids to return to Pte. D'Esnie on a non-stop direct route.

On the boat there are alcoholic and non-alcoholic drinks, masks and snorkels.
