Martina & Flavio, got married in Mauritius
On the 17/02/16, at La Pirogue Hotel

A place i know pretty well... I've been living for some years in Mauritius
So i know the services that the Island has to offer... and that is why in recent
years, when we return on holiday, i turn to Domenico and his Italy Tour...
I rely on him for everything, from the apartment to car rental, excursions, transfers
to the airport... I know it's a guarantee... that i entrusted him this year, for the
organization
of my wedding. Taking advantages of excellent employees, it has contributed
fantastically, of the realization of that day, making it a wedding of dream.
The trips with him have an extra gear compared to those offered by the rest of the
island, the apartments are clean and are located in lovely areas and regions the staff is
always courteous and polite... Domenico is a person reliable, serious and specially
nice... trust Italy Tour and you won't regret.

Hi, my name is Mariagrazia and I tell you to start that I left with

my boyfriend and came back with my husband!

In February, we decided to get married and we immediately contacted Domenico of Italy Tour for our stay there, in Flic en Flac and advice on how to spend the holidays. He chose for us a beautiful hotel and then a villa of dream where his cousin Giusi and other staff who organize excursions full of emotions like the Ile aux Cerfs and the South Tour with its 7 coloured earth, Waterfall and the dormant volcano. You only have to go on the website to see how many other activities they propose to make, all of them are exceptional. Ah! you can also rent cars they rent out quietly. It is a staff, in addition to give full availability and professionalism has a great big heart that when you go back and you remember the places visited and excursion done of their majestic job, they make you fall in love.

I advise you to bring other than costumes and flip flops, also to bring sport shoes and comfortable suits or shorts, spray for mosquito, hat and a great desire for adventure!
